The Easement herein granted is non-exclusive to the Grantee.

See Exhibit "A" (the Easement) attached hereto and incorporated herein for all purposes.

The Easement granted herein shall be a perpetual Easement of Fifteen Feet (15') in width with an additional Thirty Five Feet (35') for a Temporary Easement to be used during the laying, constructing, etc. as referenced herein. The Thirty Five (35') Temporary Easement shall revert back to the perpetual Easement of Fifteen Feet (15') after construction and restoration.

GRANTOR hereby reserves the right to use said land in any manner that will neither prevent nor interfere with the exercise by GRANTEE of its rights hereunder, provided, however, that GRANTOR shall neither construct nor permit to be constructed, any house, building or any other structure on the easement area or other facility constructed by GRANTEE hereunder without express prior consent of the GRANTEE. GRANTOR herein agrees not to change the grade of the surface over such Water Line. In addition, GRANTEE shall have all of the rights and

GRANTOR hereby expressly agrees that in the event the route of the Water Line to be constructed hereunder should cross any roads, railroads, creeks, or other waterways located on the above described land or other places requiring extra work space, or if the rights granted to GRANTEE hereunder require extra work space, then GRANTEE shall have the right and temporary access to the necessary additional working space, and GRANTEE agrees to pay GRANTOR any and all damages which GRANTOR suffers by reason of GRANTEE'S use of said additional work space.

GRANTEE covenants and agrees that the Water Line will be buried to a minimum depth of Thirty-Six Inches (36") below grade and to pay for any physical damage to growing crops, timber, fences, or other structural improvements caused by GRANTEE'S construction, maintenance, operation, repairing, alteration, replacement or removal of said Water Line and appurtenant facilities. It is understood and agreed that the consideration herein paid does include payment of the initial construction, crop, timber and land surface damages.

GRANTEE hereby assumes all risks and agrees, binds, and obligates itself to indemnify, defend, and save harmless GRANTOR from and against all claims, demands, actions, suits, judgments, and recoveries for or on account of injury to or death of any person or persons (including, but not by way of limitation, the agents, representatives, and employees of GRANTOR and GRANTEE and any third parties) and/or damage to Property (including, but not by way of limitation, property of GRANTOR or property of others in its custody) arising out of or in any way connected with the exercise of the rights herein granted, except to the extent such damage or injury is due to the negligence or willful misconduct of GRANTOR, its agents, representatives or employees.

TO HAVE AND TO HOLD unto GRANTEE, its successors and assigns, so long as the rights and the Easement herein granted, shall be used by, or useful to GRANTEE for the purposes herein granted, the undersigned hereby bind themselves, their heirs, executors and administrators (and successors and assigns) to warrant and forever defend this right of way and easement unto the GRANTEE, its successors and assigns, against every person whomever lawfully claiming or to claim the same or any part thereof.

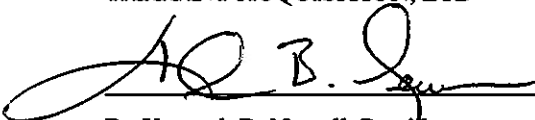

It is agreed that this grant covers all the agreements between the parties and that no representation or statements, verbal or written, have been made modifying, adding to or changing the terms of this Agreement.
